Community Games

As part of the Olympics programme communities are being encouraged to develop their own community games. It is planned that funding and resources for such games will continue to be made available beyond 2012 so it would not be too late for us to take advantage of the benefits of this programme.

It will be up to us to organise our Games as we wish and, enabling us to “celebrate the uniqueness of our community”. This is from the setting – activity might take place in a park or inside a community centre – to the time of year and the type of activities run.

We could focus on contests to give the event a competitive element, or on giving people the opportunity to try something new, from archery to climbing. Whatever the focus of our Community Games, it should, if we wish to have them, provide an opportunity for everyone in your community to participate.

If you are interested in supporting Community Games please do not forget to complete the separate contact sheet.

More information can be found at www.communitygames.org.uk
